

Look Who It Is

Helen Shapiro

Look who it is
Look who it is

Well look who it is
That's been meeting you suddenly
Well look who it is
I can see you remember me

Cause I was the one who believed
That I just didn't need you
Then started feeling blue
Well look who it is
It's me and I still love you

Well look who it is
Did you think I'd forgotten you
I realized
That you may have found someone new
But I can't pretend
That I didn't miss you
Why did I let you go
Look who it is
It's me and I love you so

Baby now I realize
I have made a big mistake
There are teardrops in my eyes
And my heart is about to break

Well look who it is
With his hand reaching out for mine
Well look who it is
Everything's gonna turn out fine

Oh I have waited so long
And prayed that I meet you
With all your charms
Look who it is
It's you and you're in my arms

Look who it is
Well look who it is
It's you and you're in my arms
Look who it is
Whoa wow look who it is
It's you and you're in my arms
Look who it is
