

# Look Who It Is

Helen Shapiro

Look who it is  
Look who it is

Well look who it is  
That's been meeting you suddenly  
Well look who it is  
I can see you remember me

Cause I was the one who believed  
That I just didn't need you  
Then started feeling blue  
Well look who it is  
It's me and I still love you

Well look who it is  
Did you think I'd forgotten you  
I realized  
That you may have found someone new  
But I can't pretend  
That I didn't miss you  
Why did I let you go  
Look who it is  
It's me and I love you so

Baby now I realize  
I have made a big mistake  
There are teardrops in my eyes  
And my heart is about to break

Well look who it is  
With his hand reaching out for mine  
Well look who it is  
Everything's gonna turn out fine

Oh I have waited so long  
And prayed that I meet you  
With all your charms  
Look who it is  
It's you and you're in my arms

Look who it is  
Well look who it is  
It's you and you're in my arms  
Look who it is  
Whoa wow look who it is  
It's you and you're in my arms  
Look who it is
