

Can't Help Falling In Love

Helena Paparizou

Wise men say, only fools rush in
But I can't help, falling in love with you

Shall I stay, would it be a sin
If I can't help, falling in love with you

Like a river flows, surely to the sea
Darling so it goes, some things are meant to be

Take my hand, take my whole life too
But I can't help, falling in love with you

Like a river flows, surely to the sea
Darling so it goes, some things are meant to be

Take my hand, take my whole life too
But I can't help, falling in love with you

But I can't help, falling in love with you
