

Carpe Diem

Helena Papparizou

I woke up this morning
Totally alone, boring
I poured out some coffee
And I had a smoke
I looked outside the window
I saw people walking around
But not talking to each other
So I was like
Where am I living?
I put on my shoes
I walked down the street
I was walking down the avenue
And I was dancing

La la la
La la la carpe diem
La la la
Why don't we seize the day

Living in a dream is a place
Really wanna be do my thing
Anytime, anywhere I please
Anyday, allday, Monday, Friday
Sunlight, moonlight
Your way, my way
Get a job, get a dog
Run away, hide away
