

# Heroes

Helena Paparizou

Desire, the fire, it's all in you  
The passion, and action, you take me through  
I'm living it, I'm loving it  
This is where the dreams come alive  
A shooting star in the night

Para siempre  
Viva los heroes

To all the heroes, the rush of emotions  
In this high and low, ah-ay-ah let's go  
To all the heroes, we celebrate our nations  
Let the whole world know, ah-ay-ah let's go  
To all the heroes.

Emotions, are rushing out of control  
A Notion, touching my body and soul  
Can't fight it, can't hide it  
Everything I'm feeling inside  
Reflects the gold in your eyes

To all the heroes...

Viva los heroes, the rush of emotions  
In this high and low, ah-ay-ah let's go  
Viva los heroes, we celebrate our nations  
Let the whole world know, ah-ay-ah let's go  
Viva los heroes

Para siempre  
Viva los heroes

To all the heroes, the rush of emotions  
In this high and low, ah-ay-ah let's go  
To all the heroes, we celebrate our nations  
Let the whole world know, ah-ay-ah let's go  
To all the heroes
