

## Seven Days

Helena Papparizou

I hope you'll find  
A little peace in your heart  
Cause you will need it  
Since we went apart  
I can't sleep at all  
It's never ending  
As long as you  
Are better than my broken heart  
I will survive it  
Cause no one has  
Ever touched me  
The way that you did  
I'm in my own frustration

Seven days and seven nights  
One weeks is more than  
I can take  
I'm loosing it all  
I'm a fool without you baby  
Seven days and seven nights  
I don't understand  
How to make it right  
I've been constantly  
Aware of you  
For seven days and seven nights

I have hope in my heart  
As I'm counting the days  
Forgot the numbers  
And as the days go by  
I'm loosing my faith

I'm gettin' under the ice  
Because the things I said  
That made you leave me  
Too late to change it  
A wisdom for life  
Is what I have learned  
I'm in my own frustration

Seven days and seven nights...

I'll keep waiting for an answer  
Even if I Know the truth lays  
Deep inside my heart
