

# Don't Expect To See Me Crying

Helena Vondráčková

Tell me baby  
Was I right or wrong  
Living just for you  
We were happy  
Just to sing our song  
Now I'm feeling blue

Tell me baby  
Are you satisfied ?  
I have been your fool  
Don't you tell me  
We were bound to die  
I'm not so cruel

I won't change your style  
Why should I try  
I can live alone  
And you can say goodbye

I'm closing this show  
And you'll never find me  
Heart makes our way back behind me  
Take all your emotions  
And keep on lying  
Don't expect to see me helplessly crying  
Don't you call me now  
I know your story  
Baby for you it's adieu

Tell me baby  
Why should all those times  
Quickly fade away  
Was it you or was it all those lies  
Seen every day

I won't change your style  
I do believe  
But you must understand  
That I'm about to leave

I'm closing this show  
And you'll never find me  
Heart makes our way back behind me  
Take all your emotions  
And keep from lying  
Don't expect to see me helplessly crying

I won't change your style  
I know somehow  
'Cause baby you survive  
And I can live right now

I'm closing this show  
And you'll never find me  
Heart makes our way back behind me  
Take all your emotions  
And keep on lying

Don't expect to see me helplessly crying  
Don't you call me now  
I know your story  
Baby for you it's adieu  
Adieu adieu.
