

# I'm Your Song

Helena Vondráčková

Well, you always say that you and me have  
Our private hitparade  
I'm your number one hit  
Always reaching the top in a moment

Well, your words are only words so I ask you  
Why do you let me wait  
When you come to the door  
I won't be here waitin' no more

I'm your song  
So arrange me and sing me  
I'm your song  
Your tune is in me  
I'm your song  
Your evergreen your last one  
I'm your song  
Slow or the fast one

I'm your song  
But sometimes you don't hear me  
I'm your song  
Sometimes you still me  
I'm your song  
But if you don't tune me up  
I'll be gone

Well, you always say that in your song book  
I'm like an evergreen  
Always ready and clean  
Every time here to please you

Well, your words are only words so tell me  
Before I change the scene  
If I'm your number one  
Why do you let me sit and wait

I'm your song  
But sometimes you don't hear me  
I'm your song  
Sometimes you still me  
I'm your song  
But if you don't tune me up  
I'll be gone

Burn that old song book  
I'm not afraid of burning love  
Switch off the happy tunes  
I used to sing you from above  
Remember all that sorrow and laughter  
Then you'll understand what I'm after  
Don't you try to tell me you're lonely  
I used to be your one and only

I'm your song  
So arrange me and sing me  
I'm your song

Your tune is in me  
I'm your song  
Your evergreen your last one  
I'm your song  
Slow of the best one

I'm your song  
But sometimes you don't hear me  
I'm your song  
Sometimes you still me  
I'm your song  
So arrange me and sing me  
I'm your song  
Your tune is in me  
I'm your song  
Your evergreen your last one  
I'm your song  
Slow of the best one
