

Piano of Dreams

Helena Vondráčková

Play for me just
A little while
Here's your piano of dreams
And it sounds
Always good and in style

Now you're great as
You can be
Known in every
Concert hall
Do you still
See those nights and those days
Before you found your place
You gave your all

On and on
You had to go
I know
All your dreams
Changed
Into one

Play for me just
A little more
Here's your piano of dreams
It's the one
You were always made for

Now you're greater
Day by day
Known in almost every place
Do you still
See those weeks and those years
All my sorrows and tears
Back in our "happy" days

On and on
You had to give my love away
Dream your dream
Now you have just one love
You had to leave me
On your way
Now your great in every way
