

Apple Tree

Helena Zeťová

You dreamed of sunlight
And more than this
But the shade can feel like
Perfect bliss

They wanna make you in their image
To their design
In their image
So you'll be another one of a kind

And you don't fall far from the apple tree
You gotta fight to be what u can be
Get out of the shadows if you wanna be free
Cos you don't fall far fro the apple tree

So what's the story
You're gonna tell?
A life of wishing
Far from the well?

Or will you reach for the water
From a different stream
Wade in the waters and go
Dive into that dream

Cos you don't fall far from the apple tree
You gotta fight to be what u can be
Get out of the shadows if you wanna be free
Cos you don't fall far fro the apple tree

You got a right to be what u can be
Get out of the shadows then you'll see
How you don't fall far from the apple tree

(do-dn do-dn do do do do)
Well the shade is so cool
(do-dn do-dn do do do do)
Keep away from the world
Cos the world can be cruel

Better not fall far..
And the shade is so cool
No don't fall far..
Yeah..

Well you don't fall far from the apple tree
You gotta fight to be what u can be
Get out of the shadows if you wanna be free
Cos you don't fall far fro the apple tree

You got a right to be what u can be
Get out of the shadows then you'll see
How you don't fall far from the apple tree

No you don't fall far from the apple tree
Ah, you don't fall far...
From the apple tree
