

Don't U Play Games

Helena Zetová

Chocolates are sweet but
So are some poisons
You say I mean the world
Then you act like a moron

Why try to tell me
Where you were last night
I don't want to hear it
I got no appetite
Time for you to shut up
I'm gonna set you right
It's so easy baby

Don't u play games
I ain't a little girl
You wanna be with me
There's just one thing to learn

Don't u play games
Unless you really are a fool
You better give me
Respect, not empty words

Just 'cause you look cute
You think I ought to adore you
You better start thinking twice
'Cause I'm about to ignore you

Why try to tell me
Where you were last night
I don't want to hear it
I got no appetite
Time for you to shut up (shut up)
I'm gonna set you right
For the last time, baby

Don't u play games
I ain't a little girl
You wanna be with me
There's just one thing to learn

Don't u play games
Unless you really are a fool
You better give me
Respect, not empty words

Don't u play games
Oh, don't u play games
Don't play, don't play, don't play

Don't, don't, don't
Don't play

Don't u play games
I ain't a little girl
You wanna be with me
There's just one thing to learn

Don't u play games
Unless you really are a fool
You better give me
Respect, not empty words

Oh, don't u play games
Don't play, don't play, don't play
