

## Love me again

Helena Zetová

When did you stop believin?  
Why did you walk away?  
Drownin today in sorrow  
Feelin your words of pain

You were the one to hold me  
But now I can only see  
You're fading into darkness  
Our Love's a mystery

Will you show me your love?  
So I can reach into your soul and  
Know that you still feel the same way

Will you show me your love?  
Will you heal my broken heart and please  
Say it again Say it again  
Love me again

You said you'd always need me  
You said you'd always try  
Every time you whispered  
Every time I cried

Where do I go from dreaming?  
Heaven can only know  
Moments can seem perfect  
Sometimes they seem unknown

I don't have the answers to the questions in my head  
Why can we go back in time to where it all began?
