Helia

This is my way to get what I was looking for
This is my way to get what I was waiting for
So wake from your sleep
Just take my hand and get out of here
Open your eyes
Are you happy?
I'll watch you die
Are you happy now?
And every night I play that game
You can't see that I can't be free
But now it's time to walk away
To take back my life
Kiss goodbye
It's my last chance to break this f**kin chain
So don't be sad
Goodbye my fair lady I'll see you in hell
I'm better off on my own
It's all that i'm living for
