

# Memory Flash

Helia

Now it's time to rise and change the world  
Stop to hide  
Stop to whisper  
Now it's time to scream out loud  
Now it's time to rise and break the rules  
And I know it's inside me  
And I know you will find it  
All the pain will remain a memory  
This is our way  
Everyone of you can lose control (now I control you)  
Everyone of you can lose it all (this is your last chance)  
Burn the ground  
Burn the city down  
And they'll now it  
Make it end  
Take it to the end  
And they'll know it  
I control you
