

Str8 To North-east Lights

Helia

I watch my life fading away
Like the sun at dusk
And all the love you gave to me
Is still alive, oh god
Yes i promised to be strong
But what should I do now?
Walking with my head up high always looking for that (light)

(You steal my breath
And these walls seem to fall)

And everything I had
Now is nothing but a dream
And all my thoughts go straight to northeast
lights

And everything I had
Now is nothing but a dream
And all my thoughts go straight to northeast
lights

So now what should I do?

I watch my life fading away
Like the sun at dusk
And all the love you gave to me
Is still alive
Shine like a star in the sky
But I can't see you
Take a look in the mirror
And tell me what you see...

And everything I had
Now is nothing but a dream
And all my thoughts go straight to northeast
lights

And everything I had
Now is nothing but a dream
And all my thoughts go straight to northeast
lights

And everytime I see you
You steal my breath
And these walls seem to fall
And everytime I see you I still burn
I still burn
I still burn
I still burn
