

# Midnight Express

Helix

Ooh!

Gid-gid-gid-giddy-up, yeah!

There's a train that I'm getting on  
When the sun goes falling down  
Got to get away, but you know this train  
Never pulls out of town

You and I got an open invitation  
It's time to move, got to keep our reservations  
Just for tonight baby  
Maybe we can fly away, so

Climb aboard the midnight express  
Take a trip that you'll never forget  
Come on baby, get this party on track  
Climb aboard the midnight express

Yeah!  
Ow-ow!

The engineer's gonna take you there  
To a place right out of this world, so  
Don't be late, don't ya hesitate  
When you hear that whistle sound

So come on honey, won't ya meet me at the station  
Together we can make it to our destination  
We'll take the night baby  
Maybe we can fly away, so

Climb aboard the midnight express  
Take a trip that you'll never forget  
Come on baby, let's get this party on track  
Climb aboard the midnight express

Moving like a rocket  
Nothing's cooling our jets  
And nothing's gonna stop it  
Love is dead ahead

You and I got an open invitation  
Just for tonight baby  
Maybe we can fly away (Maybe we can fly away), so

Climb aboard the midnight express  
Take a trip that you'll never forget  
Come on baby, there's no looking back
