

## Crucifixion

Hellhammer

Crucifixion they called the game  
Bestial penalty, a deadly maim  
Crucifixion, the way that sinners go  
Holy torment, last malice ya got to know

Crucifixion, crucifixion  
Bloody Hell, I won't die here  
Crucifixion, crucifixion  
I'm blood covered in pain an' fear

Hundreds of years they raised the cross  
Evil dark priests, black stones they toss  
The bible, it praises that bloody wood  
A priest, he prays with an uncanny hood

Rusty nails sended them straight to hell  
Ill treated, they just got their souls to sell  
Crucifixion, the way that sinners go  
Holy torment, last malice ya got to know
