## I Thought You Said Summer Is Going To Take The Pai

**Hello Saferide** 

Finally the sky is blue
Last night my friends dragged me to some lake
We drove there real late, we went too fast
Sipping cheap sangria in the backseat
Everybody were laughing and we were listening to our favorite s
ongs
But I thought you said summer is going to take the pain away

January brought a headache
In February it got even worse
And when you thought it couldn't get more awful
Say hello to March
April brought me to a funeral
Gained another ten pounds in May
But I thought you said summer is going to take the pain away

Have you ever had the feeling that no one really knows what you 're all about?

And when you try to show them they all have things to do tonigh t, tonight?

Up on a roof looking over the city all by myself thinking There is nowhere I would rather be than here, so why am I not Like the others, and why are you not here with me doing crosswo rd puzzles?

Saying it's going to be okay, summer's going to take the pain a way

When I'm gone, I promise

It's going to be okay, summer is going to take the pain away

Have you ever had the feeling that no one really knows what you 're all about?

And when you try to show them they all have things to do tonigh t, tonight?

Finally the sky is blue
Last night my friends dragged me to some lake
