

I Don't Worry (As Much As I Should)

Hellogoodbye

How do I never worry half as much as I know that I should?
And how did I get so far on such dumb luck when I thought I was good?
How do I want so bad to bring about the future that I'm tearing off halfway through?
And every time I build it up some more
You...

And all I do is hold on to it
And all I do is hold on to you
To you
To you
To you

How did I forget how much it meant when you were there when I woke up?
And how did I forget for just a moment how much meaning I bestowed upon that fleeting little hope?

And every time I build it up some more
You...

And all I do is hold on to it
And all I do is hold on to you
To you
To you
To you

To you
To you

To you
To you

And all I do is hold on to it
And all I do is hold on to it
And all I do is hold on to it
And all I do is hold on to you
