

Summer of the Lily Pond

Hellogoodbye

Summer of the Lily pond how long I didn't know
half way there your golden hair
It just started to show
The way things tend to go
It started out so slow

I guess I just don't understand
How a good thing becomes bad
Oh and I just wanted it to be
What I wanted it to be
But I was wrong about it then

The Summer of the [?]
The songs you didn't know
The lily spread around your head
It's so hard to see your soul
The way things tend to go
It got all out of control

I guess you just don't understand
How a good thing becomes bad
Oh and you just wanted it to be
What you wanted it to be
I guess I just don't understand
How you held it in your hand
Oh and you wouldn't set it free
Yeah you couldn't let it be
You were wrong about it then
And I hope you're not again
Soon

And I was wrong about that again
I was wrong about how the one should be the world
How should I have the confidence
Of the thought of being wrong before
And I was wrong about that again
I was wrong about how the one should wait
How should I have the confidence
And I thought I'd been right before

I was wrong that I've been right before
I was wrong about it then

I was wrong about it then
but I won't be wrong again
Soon
