

# Touchdown Turnaround (Don't Give Up on Me)

Hellogoodbye

Every night I see you standing on the corner  
Shaking that thang like you're playing pop warner  
Touchdown turnaround play by play keep the score  
Would you turn me down if I'm not what you're looking for

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you  
Threw so hard

Touchdown turnaround I never see you around  
Anywhere anymore you are what I'm looking for  
Touchdown turnaround everything is safe and sound  
Everywhere and everytime I am yours and you are mine

Little league in '93 taught me how to take defeat  
Good thing there's no mercy rule in love cause I would long be  
beat  
Hit the ground look around but you're nowhere to be found  
Accept my loss and head back to the mound

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you  
Threw so hard

Touchdown turnaround I never see you around  
Anywhere anymore you are what I'm looking for  
Touchdown turnaround everything is safe and sound  
Everywhere and everytime I am yours and you are mine

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you  
Threw so hard

(2x):

Touchdown turnaround I never see you around  
Anywhere anymore you are what I'm looking for  
Touchdown turnaround everything is safe and sound  
Everywhere and everytime I am yours and you are mine
