

# Asshole

Helloween

I, never saw you goin straight  
You, lying right into my face  
High, my expectations were for faith  
You, you're driving me insane

No one came that far, without abilities  
You're the greatest of them all  
You lie you steal you betray you don't feel

You're an asshole  
Typical human being  
You're a sucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Stupid shit you make me flee

I, I'm sick of your stupid ego  
No, you are not the only one  
You, your manipulation stops here  
No, right now we are not friends

No one came that far, without abilities  
You're the greatest of them all  
You lie you steal you betray  
You don't feel

You're an asshole  
Typical human being  
You're a sucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Sucking out energy  
Asshole  
Typical human being  
You motherfucker  
Stupid shit you make me flee

You're an asshole  
Typical human being  
You're a sucker  
Sucking out energy
