Hell Was Made in Heaven

Helloween

There was a time, eating your mind Eating your heart and your soul Down to the bone, always alone Nobody waiting at home

Now allow that we unite our fires Shout it out, give yourself to me Yeah, yeah, yeah

Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin

Ten years ago you made the vow Promised your life and your love Of all you have paid nothing returned What is enough is enough

Now allow that we unite our fires Shout it out, give yourself to me Yeah, yeah, yeah

Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin

Now allow that we unite our fires Shout it out, give yourself to me Yeah, yeah, yeah

Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin
In sin, in sin, in sin
