

Kill It

Halloween

I'm your maker
Mold your mind
Idea-creator
Bias from behind

People never wonder
How the world goes round
They who care go under
That's what I'm about

I Kill It, Kill It, Kill It
Kill It, Kill It
Care must die
Kill It, Kill It, Kill It
What we can't tie
What we can't buy
Must die

I'm soul hunter
Of the might
Upright hatemonger
Angel of the blind

People never wonder
How the world goes round
They who care go under
That's what I'm about

I Kill It, Kill It, Kill It
Kill It, Kill It
Care must die
Kill It, Kill It, Kill It

People never wonder
How the world goes round
They who know must follow
They who don't die bound

I pay billions
All got a price
Plain corruption
No roll of the dice

People never wonder
How the world goes round
They who care go under
That's what I'm about

I Kill It, Kill It, Kill It
Kill It, Kill It
Care must die
Kill It, Kill It, Kill It
What we can't tie
What we can't buy
Must die
