

## Mrs. God

Halloween

Mrs. God, am I right  
That's your real address  
This time, it's you  
Ready to confess  
Free the masculine world  
Cancel their humility

Mrs God, can it be  
Can You be the light  
One dressed to kill

Walk on, how you bite  
This will state and explain  
Why men are sometimes stumbling

Mrs God, are You there  
Laughing at us is not fair  
Mrs God can You see  
All the shit You've done to me

Mrs. God, may I say  
It's nothing of my kind  
We're so deceived  
You'd better left us blind

Mrs God, we are cool  
Take it with the smile  
But don't be cruel  
That's heavy to defy  
In some hundred years  
God has always had the tears
