

My Sacrifice

Helloween

Voices, I hear the people calling
Deep in my dreams
Choices, I made my own they've fallen
Apart with their screams

Waiting for my time
Oh Lord, please forgive me
Waiting for a hero,
An angel relieve me

In a land after life,
I'll give my sacrifice
In a world of dignity
There is no need to flee

In a land after time
I'll give my sacrifice
In a world of glory skies
There is no need to die

Chances, I took enough to fight it
All thru my life
Advances, I had them all and lost 'em
They're out of my sight

Waiting for my time
Oh Lord, please forgive me
Waiting for a hero,
An angel relieve me

In a land after life,
I'll give my sacrifice
In a world of dignity
There is no need to flee

In a land after time
I'll give my sacrifice
In a world of glory skies
There is no need to die
