

Ride the Sky

Halloween

Much too long I've been a prisoner here
The hour has come to break out
Shackled and chained almost go insane
It's better to live in the run
Set me free, set me free

Send me a sign wanna leave it all behind
I'll be leaving the hands of doom
Rearenge the master plan, take the future in my hand
To be free and not trapped anymore

Ride the sky
Ride the sky
Give me wings to fly
Ride the sky

I have to think for myself and then act
In conformity of my own thoughts
No one should tell what's wrong and what's right
Why don't you leave me alone
Set me free, set me free

Send me a sign wanna leave it all behind
I'll be leaving the hands of doom
Rearenge the master plan, take the future in my hand
To be free and not trapped anymore

Ride the sky
Ride the sky
Give me wings to fly
Ride the sky
