

Night Terrors

Hellshock

Terror when I close my eyes
Tight grip on my lungs
Heartbeat ripping out of my chest
Coiled around my spine

Dark Subconscious
Threat to take my life

Exposed nerves break and burn
No time in my life
No release to sleep at night
Terror in the night

Closing in on my breath
Suffocation death

Can't trust in myself
Afraid of the truth mirrors speak
Horror in my mind
Terror in the night

Terror in the night
Terror in the night
Night Terrors
Night Terrors
Night Terrors
Night Terrors
