

DMF

Hellyeah

We are DMF's
Breaking you down, jumping you in
Down Motherfuckers
We live by a code, to live in the pit
DMF's branding the rules
We'll step your neck
Down Motherfuckers
We're lighting a fuse, coming to wreck
We are DMF

Feels like it was just yesterday
That we started this family
I had to facilitate a new order
The height of honest, built on integrity
This society, few are worthy
This passion can't be stripped away from me
Light every other fucking thing
Fused together, we press on
No one can break this bond
Strength so strong, we own, as one

DMF's
Breaking you down, jumping you in
Down Motherfuckers
We live by a code, to live in the pit
DMF's branding the rules, we'll step your neck
Down Motherfuckers
We're lighting a fuse, coming to wreck
We are DMF

It's more than just a little flame
that burns inside of me
I had to instigate, initiate
A new level of loyalty
the highest priority
the standard of trust in me
My call to duty
All for one and one for all, we are the alpha dogs
We're put together, all together, and the pieces fit

Strength so strong, we own, as one

DMF's
taking you down, jumping you in
Down Motherfuckers
We live by a code, to live in the pit
DMF's branding the rules, we'll step your neck
Down Motherfuckers
We're lighting a fuse, coming to wreck
We are DMF

You people are all the fucking same
I'm changing the rules, and raising the bar, this ain't no game
We are 1, 1 so put your horns up
We are 1, 1 so put your fists up
We are 1, 1 so put your horns up
We are DMF, so get the fuck up

DMF's
Breaking you down, jumping you in
Down Motherfuckers
We live by a code, to live in the pit
DMF's branding the rules, we'll step your neck
Down Motherfuckers
We're lighting a fuse, coming to wreck
We are DMF
We are DMF
