

# Hell of a Time

Hellyeah

It's just the good ol' boy in me  
I got my friends I got the recipe  
For one hell of a life

I got my girl got my family  
Got my booze and that's all I need  
For a hell of a time

Yeah, come monday morning  
My head is storming, gotta get it right  
I've got my boss and I've got my bills  
But I'm towing the line  
So sick of that man on my case all day long

Another day in the trenches  
Fpo these sons of a bitches  
Well it dont seem right  
They'll keep me poor, while I keep them rich  
But I got my eye on the prize

Gotta get to the weekend  
Gotta make it to Friday night  
Friday night yeaah come on!

It's just the good ol' boy in me  
I got my friends I got the recipe  
For one hell of a life  
I got my girl got my family  
Got my booze and that's all I need  
For a hell of a time  
Hall of a time!

Six o'clock in the morning my head is spinning  
Here we go again  
Im walking the line one dat at a time  
For that goddamn man  
Cant wait till they bury him, six feet down

I've got my pride and I've got my will  
I aint fucking around  
I was born to lose but Im built for booze  
Cant wait to knock them down

Gotta get to the weekend  
Gotta make it to Friday night  
Friday night yeaah

It's just the good ol' boy in me  
I got my friends I got the recipe  
For one hell of a life  
I got my girl got my family  
Got my booze and that's all I need  
For a hell of a time  
Hall of a time!

Gotta take the red eye  
till come Sunday Night yeaah

I got everything I need  
Just as long as I can stay high

Come on!

It's just the good ol' boy in me  
I got my friends I got the recipe  
For one hell of a life  
I got my girl got my family  
Got my booze and that's all I need  
For a hell of a time yeaah!

It's just the good ol' boy in me  
Drinking whiskey down by the creek  
It's one hell of a life  
(It's one hell of a life)

I got my girl and my boys with me  
Getting stoned down on the beach  
It's one hell of a time  
(It's one hell of a time)

That's right!
