

Say When

Hellyeah

Say when!

We're outlaws wanted dead or alive
Under the cover of a blood red sky
Bring a knight to a gunfight and we still win
Pale horse is coming, retribution for sin
Skin that smoke wagon
I said throw down, boy
You gonna do something, or just stand there and bleed

If you want to die, say when
If you want to play for blood, just say when
Say when

Domination to anything that's in our way
Life mowers are coming and stocking the graves
It's futile to run and there's nowhere to hide
So get down on your knees and pray for your life
Should I hate him? He reminds me of me
Now I know I hate him
So now it's time to bleed

If you want to die, say when
If you want to play for blood, just say when

This is how
The war is won
Cultivate the blood
That we feed on
Sanguis
Credat apella non ego
Eventus stultorum magister
In pace requiescat
I want your blood
I want your soul
Do you wanna play for blood?
I'm your huckleberry
Sanguis
Credat apella non ego
Eventus stultorum magister
In pace requiescat
Just say when
