

## Bad News

Helmet

Pay your disrespect the way you do  
the suffering you've had to live through  
it doesn't ever matter what I said  
you misunderstand  
you're always fighting mad

Every word you speak is worse than the truth  
you're miserable  
all news is bad news

All news is bad news  
all news is bad news  
from now on  
all news is bad news  
all news is bad news  
from now on

All news is bad news  
all news is bad news  
all news is bad news
