

## Make Room

Helmet

Embrace the motivation goes  
Passed off as unintentional  
One look showed you had to think  
Eat this and say it doesn't reek

Right

Make room you come with open arms  
Talk fast before the greeting starts  
Incensed you know you need to know  
Whose scene you made you didn't though

Sad

Taste of the month  
Voice for the cause  
Make room you came  
With open arms
