

Pray for the destruction of the ones that do not heed  
Sacrificial offerings given to icons of greed  
Spreading words of slander, gods of gold will now corrode  
Deny them all salvation for these sins do not erode

Magormissabib  
Kingdom of lies and savagery  
Magormissabib  
Children of famine and treachery

Raiders come to plunder they slumber peacefully  
Upon them retribution for traps laid in secrecy  
Chaos and bedlam in this land of idolatry  
Echoing wails of horror mark this day of infamy

Magormissabib  
Kingdom of lies and savagery  
Magormissabib  
Children of famine and treachery

Them time to be butchered has come  
Atrocities cannot be undone  
Iniquities never absolved  
Order so quickly dissolved

Bring on them disaster like the down pour of the rain  
Condemned to spirals of fire and everlasting pain  
Forsaken are the gifts of blood upon the charred altar  
Forever known as terror in the valley of slaughter

Magormissabib  
Kingdom of lies and savagery  
Magormissabib  
Children of famine and treachery
