

# The Shadows of Iga

Helstar

Black as the night  
Cold as a winter's wind  
Out on the prow and ready to strike again  
And though you never see them come in  
You better believe they're there

They lurk in the night  
But you can't see them  
You don't hear a sound not even a scream  
And though you don't believe they'll coming  
You'll regret you didn't beware

Never turn your back on a shadow  
Cause when they're coming you don't know  
They fly like the wind  
And bite like a tiger  
But you'll never see the Shadows of Iga

Never believe you're in an empty room  
Because your doubts will be answered all too soon  
And though you don't believe in running  
You'll be better off if you did  
Some call them thieves  
Some call them murderers  
But nevertheless they don't take prisoners  
And though you don't believe they'll come in  
Just give them reason if you dare

Never turn your back on a shadow  
Cause when they're coming you don't know  
They fly like the wind  
And bite like a tiger  
But you'll never see the Shadows of Iga
