

Even In Heaven

Hemina

Transcends the known realm
like angels birthed from hell
Life takes you by the helm
Myself, my soul you dwell

It's yearning to see the light of day
Because of you, I'm willing to fight
to show that I love you
They say all is fair in love and war
Even in Heaven, no one exceeds,
not even meets all that is you

Match made to compliment
Assailed by you, I fell
Our limits I resent
Of relished fears you tell

It's yearning to see the light of day
Because of you, I'm willing to fight
to show that I love you
They say all is fair in love and war
Even in Heaven, no one exceeds

You wear my heart on your sleeve
Its weight you will relieve
Risk brings reward, so share our common fool

I only ever had eyes for you!
Every night in my dreams,
I see you there, blinding my light

It's yearning to see the light of day
Heaven, I'm willing to fight
to show that I love you
They say all is fair in love and war
(They say all is fair)
Even in Heaven, no one exceeds,
not even meets all that is you
It's yearning to see the light of day
Because of you (because of you),
I'm willing to fight to show that I love you
They say all is fair in love and war
(They say all is fair)
Even in Heaven, no one exceeds,
not even meets, even in Heaven
