

Darling Lili

Henry Mancini

Darling Lili, is an angel from Heaven
Come to see us a little while
Stage door Johnnies wait for her
Our voice encore her
They just adore her style

Darling Lili, doesn't dream of the heart
She keeps on breaking with just a smile
But you'd better just forget her
Toddle off and let her be
Leave that darling, darling Lili, to me

Darling Lili, doesn't dream of the heart
She keeps on breaking with just a smile
But you'd better just forget her
Toddle off and let her be
Leave that darling, darling Lili, to me
