

Music On The Way

Henry Mancini

Oh, my friend, we'll meet again someday
You made life worth the price we all pay
When the whole world goes wrong

The magic of your song creates a place
Here in my soul where hope can stay
And I loved the music on the way
Did you know that I've won come what may?

I am part of your song
And you knew it all along
You gave me music on the way

With your song in my heart
I'd laugh about the starts and starts
And all that I have lost along the way

I am part of your song
What you knew is all along
You gave me music on my way
