

Goblin Love

Hentai Corporation

No matter what you feel
You'll end up in my meal
No matter what you do
You'll end up in my stew

My name is Ronnie, I'm a fabulous cook
Some people even think I'm a gigolo star
Worse than Satan, better than God
Myyy terrible specialty is called The Goblin Love

Go go satisfy me, you have to be greedy
Go go... hungry goblins
Go go satisfy me, you have to be greedy
Go go... bring them to me

The Soup of Murder here
Infernal Curry there
Handful of magic mushrooms
A flavor you can't bear

Attacking villages, destroying walls
What a surprise, I just cut off your balls
Army of little slayers knows no rest
Human organs? They're the best

Go go satisfy me, you have to be greedy
Go go... hungry goblins
Go go satisfy me, you have to be greedy
Go go... I love my job, my job
You motherfuckers!

Goblins!
