

Oh Dear Evil Capillarity!

Hentai Corporation

When I met you for the first time
My halo got darker

My Beta waves were burning faster
Conjugated with my blood flow
Is that fuckin' clear?

Don't give me extra time to realize...

You pulled me under
How could you?
I am mesmerized!
It's not a boon!

The selfish gene of my inside
Froze the host of my heart cone

Ruptures are breaching old barriers
My torches went out
Is that fuckin' clear?

Don't give me extra time to realize...

You pulled me under
How could you?
I am mesmerized!
It's not a boon!

You pulled me under
With all the pain!
I am mesmerized!
I'm insane!

When I met you for the first time
My halo got darker
Is that fuckin' clear?

Don't give me extra time to realize...

You pulled me under
How could you?
I am mesmerized!
It's not a boon!
You pulled me under
You pulled me under
With all the pain!
I am mesmerized!
I'm insane!
