Oh Dear Evil Capillarity!

Hentai Corporation

When I met you for the first time My halo got darker

My Beta waves were burning faster Conjugated with my blood flow Is that fuckin' clear?

Don't give me extra time to realize...

You pulled me under How could you? I am mesmerized! It's not a boon!

The selfish gene of my inside Froze the host of my heart cone

Ruptures are breaching old barriers My torches went out Is that fuckin' clear?

Don't give me extra time to realize...

You pulled me under How could you? I am mesmerized! It's not a boon!

You pulled me under With all the pain!
I am mesmerized!
I'm insane!

When I met you for the first time My halo got darker
