

Christmas On My Mind

Hep Stars

I've got Christmas on my mind
I adore that lovely time
I'm feeling like I was a little child
When I've got Christmas on my mind

Everytime when it comes near
I wonder how I've been this year
If I've been nice Santa comes to me
Oh, I've got Christmas on my mind

We'll go out together looking for a Christmas tree
We will put a little star on the top and then we are
Ready for the turkey Momma's made
In our sled we'll take a ride
Upon the snow so deep and wide
When Santa's coming down the chim-a-ney
Oh, I've got Christmas on my mind

We'll go out together looking for a Christmas tree
We will put a little star on the top and then we are
Ready for the turkey Momma's made

I've got Christmas on my mind
I adore that lovely time
I'm feeling like I was a little child
When I've got Christmas on my mind
