

Only You

Hep Stars

Only you can make other's worlds seem right
Only you can make the darkness bright
Only you and you alone can thrill me like you do
and fill my heart with love for only you
Only you can make other changes in me
for it's true, you are my destiny
When you hold my hand I understand
love's magic that you do
You're my dreams come true
My one and only you
alright Benny
Only you can make other changes in me
for it's true, you are my destiny
When you hold my hand I understand
love's magic that you do
You're my dreams come true
My one and only you
