**Hep Stars** 

What do you want to make those eyes at me for When they don't mean what they say They make me glad they make me sad They make me want a lot of things that I never had You're fooling around with me now And you lead me on and then you run away Well that's allright I'll get you alone some night And baby you'll find you're messing with dynamite So what do you want to make those eyes at me for When they don't mean what they say What do you want to make those eyes at me for When they don't mean what they say They make me glad they make me sad They make me want a lot of things that I never had You're fooling around with me now And you lead me on and then you run away Well that's allright I'll get you alone some night And baby you'll find you're messing with dynamite So what do you want to make those eyes at me for If they don't mean what they say If they don't mean what they say
