

Gutters & Scissors

Her Bright Skies

(Don't look back!)
This is the last time,
That you will ever see my fake smile
So come on, let me go
(Come on, let me go!)
Brothers and sisters,
Listen closely now
I'm alright,
But I'm leaving you tonight.

I won't look back cause I,
I always knew that I would be the messed up one
The one that weighs you down.
And truth be told
I'm ready now to see the world with open eyes,
And all that it's become.

Everyone compares you,
To something that you're not.
You said it would be easy,
You said it makes you strong.

So can you feel the blood,
Running through my veins?
The memories will stay with me
Forever.
We are not the same,
Something you can't change.
So have your way with me.

Truth be told,
I'm ready now to walk this soil with new found hope,
And hold my head up high.

When everyone compares you,
To something that you're not.
You said it would be easy,
You said it makes you strong
(It will make you strong!)

So can you feel the blood,
Running through my veins?
The memories will stay with me,
Forever.
We are not the same,
Something you can't change.
So have your way with me.

Have your way with me.
Have your way with me.
Oh!
Have your way with me!
Have your way with me!

This is the last time,
That you will ever see my fake smile.
So come on, let me go

(Come on, let me go!)
Brothers and sisters,
Listen closely now
I'm alright,
But I'm leaving you tonight.
(But I'm leaving you!)

Can you feel the blood,
Running through my veins?
The memories will stay with me,
Forever.
We are not the same,
Something you can't change.
So have your way with me.
