They say if you love somebody you gotta let them go.

Yeah well that rule doesn't apply to me no more.

'Cause I take take take what I want want want

And I pick pick pick it apart-part-part.

I take what I want and I can't get enough.

So feel me up honey let's misbehave. Get the best of me.

It's dangerous reckless hot and cool. You gotta be a fool. God I'm such a fool.

Come and get your fix dripping from my lips. Now go on get your kicks.

'Cause I take take take what I want want want

And I pick pick pick it apart-part-part.

I take what I want and I can't get enough.

I want your heart.

Yeah I'm gonna take take take what I want want want

And I pick pick pick it apart-part-part.

I take what I want and I want your heart.

I take what I want and I pick it apart.

I take what I want and I pick it apart.

I said I take what I want and I pick it apart.

I take what I want and I pick it apart.

I said I take what I want and I pick it apart.

I take what I want and I pick it apart.

I take what I want and I pick it apart.

I take what I want and I...

'Cause I take take take what I want want want

And I pick pick pick it apart-part-part.

I take what I want and I can't get enough.
