

My House

Hercules and Love Affair

My heart is now in a higher place
Free from your hands I have my own space
Many times I held your hands guide you through things
I didn't understand
But my house is in order (repeats)
My house

As I walked to the sense of dark
The touch of your hands was the spark
The spark made me ...
Your touch has me no
But my house is in order (repeats)
My house

I can't sleep at night
I can dream in peace
Knowing that you are there
I can sleep at night
I can dream in peace
Knowing that
Knowing that
That my house is in order (repeats)
My house
