

Dreams

Herman Brood

When you're a star like me
You got girls on the phone
Sad girls bad girls
Sometimes it's better to be alone

When you're a stud like me
You got girls on your mind
Talkin' girls workin' girls
Standin' in line

Where is the girl of my dreams
21 or sweet sixteen
Where is the girl of my dreams
Got to find her soon
I'm gonna make her my queen

When you're a guy like me
You got girls on the phone
Mean girls bad girls
Sometimes it's better to be alone

Where is the girl of my dreams
21 or sweet sixteen
Where is the girl of my dreams
I've got to find her soon
I'm gonna make her my queen

There's a thing called love
Can make a man go blind
Now there's a thing called love
It's so hard to find

Where is the girl of my dreams
21 or sweet sixteen
Where is the girl of my dreams
I've got to find her soon
I'm gonna make her my queen

(guitar solo = triple chorus)
