Herman Brood

Hot talk in the street
People goin' downtown
A-rollin' their sleeves
Spittin' their gum &
Leavin' their tracks
for something new - something to do
How does it feel to be ?. insane
You gutterhero hangin' round
Why'are suicide embrace
Too many kids in the rain
It's hard to ignore their pain
hot talk - really got me flowin'
Too tough - you got me growin'
handfull of high, cool in my mind
Quarter of a million to spend in my time
Suffer like a saint & crack ev'ry chain
For something new - something to do
How does it feel to be ?. insane
You gutterhero hangin' round
Why'are suicide embrace
Too many kids in the rain
It's hard to ignore their pain
