

## Hot Talk

Herman Brood

Hot talk in the street  
People goin' downtown  
A-rollin' their sleeves  
Spittin' their gum &  
Leavin' their tracks  
for something new - something to do  
How does it feel to be ?. insane  
You gutterhero hangin' round  
Why'are suicide embrace  
Too many kids in the rain  
It's hard to ignore their pain  
hot talk - really got me flowin'  
Too tough - you got me growin'  
handfull of high, cool in my mind  
Quarter of a million to spend in my time  
Suffer like a saint & crack ev'ry chain  
For something new - something to do  
How does it feel to be ?. insane  
You gutterhero hangin' round  
Why'are suicide embrace  
Too many kids in the rain  
It's hard to ignore their pain
